

School Expansion Project New Policies - More Space - More Activities

School Age Expansion Project Details:

- Adding 811sf of space
- Anticipated use November 30,2023
- More art work space
- More Lego space & Lego Wall
- More Reading & Literature space
- More Cozy Corner - alone space when needed
- More community game space

Please see details on the new and better pricing and billing structure on Page 2 - attached.

If you are new and considering coming to our before and after school age program, please take the time to contact our office, 330-990-1466 to go over acceptable behavior by our school age children.

We provide breakfast, lunch (when children are here for their district school closures), and afternoon snacks - in very plentiful amounts. We provide all day care when any of our surrounding districts are closed.

Please call Rosie 330-990-1466, the owner & administrator, to set up a tour or to reserve your space. We have 10 new openings allowed for this space. There will be 2 teachers in this space as needed per ODJFS rules on teacher/child ratio.

Thank you,

Rosie - Owner & Administrator

School Age Expanded Space New Price Structure

Price Structure & Billing Policy

- A unified price structure based on your usage: Effective after new space is open.
 - \$85.00 per week - 3 hours per day, am/pm care - reserved care only.
 - \$75.00 per week - 2 hours per day, am/pm care - reserved care only.
 - \$65.00 per week - 1 hour per day, am/pm care - reserved care only.
 - We do NOT provide drop-in school age care - all accounts are reserved care only.
 - The fee for staying all day is \$50.00 additional fee for any day they need to be here when school is out. This is a \$30.00 discounted rate to account for the fees you have already paid according to your plan.
 - Once a week assessment for tutoring and tutoring those in need is provided by this center at our expense, not yours.
 - Soccer training will be once a week - at our expense in summer.
 - We still take our kids to Jerzees once a week in summer and when possible - we take them when they are here for school out session.
 - This fee structure is a reduced rate - NOT raising our prices! However family discounts for school children may be reduced a bit.
 - Big project plans in summer - on the ground treehouse being built by our students with the help of an outside construction company!
- You may only need us in the am, that is okay!
- You may only need us in the pm, that is okay!
- The rules for Green School District are simple, the children must get on and off the bus at the same location every day - you are free to pick up your child right from the bus - bus arrives at 3:45 - if you only need us on certain days.

- While we will not be watch keepers on how much time your child is here, we will take a monthly review of in/out times and change the program fee if you consistently use over your allowed time.
- If you use us am and pm, you are automatically on the 2-hour program- at minimum.
- The 1-hour program is only for those who use us either only am or only pm.
- The new price structure is not in force until the room has been approved and ready for use. Until we have more space for more children, our current rates apply.
- **FYI - In January**, the school age billing goes to a monthly billing only. You may continue to pay weekly - but the rules will be very strict - all accounts must be paid on Monday of each week for our school age programs.

We have a really great group of school age children here - many have been here since we opened in 2016. We have an excellent reputation in Green. We always say this: I am not everyone's cup of tea - perhaps it is my age - but our children are happy, very well-fed, and really like it here - I trust them a lot! We are like a family here - we are not a corporate center; it is just us! We listen when they ask for something and most of the time, we can accommodate their requests - because they matter! You will matter too. If you are currently paying too much for am/pm school care; or your child is being bullied; or your child is not getting the tutoring or the attention they need when off the school bus, we hope you will come here and give them a new outlook on after school care!

Thank you so much,

Rosie - Owner & Administrator
